Lodz, 15.01.2018

To whom it may concern,

This is to certify that Prof. Diana Borisovna Hlushkova took part in scientific training at Lodz University of Technology from 15.01.2018 till 19.01.2018. Topics of the training concerned: methods in materials surface improvement, advanced techniques in materials surface testing, industrial vacuum-devices and methods for diffusion treatment of steel. She also took part in English-language lectures in Advanced Mechanical Engineering. Overall time of training took 30h.
